Detailed description of the building steps: The instructions show the assembly of a Rock Band Bus component. Steps 18.1-18.4 show four grey Technic connectors being placed on an orange Technic beam. Step 19 shows a grey motor being attached. Steps 20.1-20.3 show four grey Technic pins being inserted into the beam. Step 21 shows a grey Technic axle being inserted through the pins. Steps 22-23 show the assembly being connected to another orange Technic beam. Step 24 shows the completed assembly from a different angle. Step 25.1 shows a white Technic connector being placed on the beam. Step 25.2 shows a grey Technic axle being inserted through the white connector. Step 26 shows the assembly with the white connector and axle. Step 27 shows a white Technic axle being inserted through the grey axle. Step 28.1-28.4 show four orange Technic pins being placed on the beam. Step 29 shows the assembly with the orange pins. Step 30 shows a grey Technic axle being inserted through one of the orange pins. Step 31 shows the assembly with the grey axle. Step 32 shows a brown Technic plate being placed on the beam. Step 33 shows the assembly with the brown plate. Step 34 shows a grey Technic axle being inserted through the brown plate. Step 35 shows the final assembly with the grey axle.
